<u>Purpose</u>: To provide program participant eligibility requirements for Adult and Dislocated Worker WIOA programs.

<u>State Imposed Requirements</u>: This directive contains some state-imposed requirements. These requirements are printed in *bold*, *italicized* type.

Authorities/References: Workforce Innovation and Opportunity Act Public Law 113-128; 20 CFR Part 680; Source Documentation Requirements Data Element Validation; TEGL 22-04 and TEGL 22-04, Change 1; TEGL 05-08; TEGL 10-09; TEGL 11-11, Change 2; TEGL 39-11; TEGL 10-16, Change 3; TEGL 19-16; TEGL 21-16; TEGL 23-19, Change 1; Nevada SCPs

<u>ACTION REQUIRED</u>: Upon issuance bring this guidance to the attention of all WIOA service providers, Local Workforce Development Board (LWDB) board members and any other concerned parties. Any Local Boards' policies, procedures, and or contracts affected by this guidance are required to be updated accordingly.

<u>Background</u>: WIOA became law on July 22, 2014 and supersedes Titles I and II of the Workforce Investment Act (WIA). This SCP communicates the unaffected requirements, the proposed changes and State requirements in program and service eligibility. The policy includes procedure, content definition and minimal file content requirements to address two of the three DOL requirements of Eligibility and Reporting. The final piece, Performance, will be addressed in other SCPs/TAGs.

Policy and Procedure:

General Eligibility Requirements:

Date of Birth/Age:

To receive services in the Adult and Dislocated Worker (DW) programs an individual must be at least eighteen (18) years of age, be registered and determined eligible for the specific program or service.

Employment Authorization:

A participant must be authorized to work in the United States to receive WIOA services. See https://www.uscis.gov/i-9 for the most current list(s) of acceptable documentation.

Selective Service Registration:

Male applicants born on or after January 1, 1960, must be registered with the U.S. Selective Service within 30 days of their 18th birthday. Those who have not yet registered should be referred for registration prior to WIOA enrollment. US citizens or immigrants who are assigned male at birth and changed their gender to female are still required to register. Individuals who are assigned female at birth and changed their gender to male are not required to register, or as updated per the <u>Selective Service</u> System. Reference WIOA Sec. 189 (h); TEGL 11-11, Change 2

Local Boards must have a written policy addressing Selective Service compliance.

- Provide Documentation of Social Security Number: While the state cannot require the collection of social security numbers per <u>TEGL 5-08</u>, it is highly encouraged to do so in order to use quarterly wage records information in program performance reports to DOL.
- Priority for Adult Funds: (WIOA Sec. 134(c)(3)(E), <u>TEGL 19-16</u>) Priority shall be given to recipients of public assistance, veterans and eligible spouses, other low-income individuals, and individuals who are basic skills deficient for receipt of career services and training services.
 - First, to veterans and eligible spouses who are also included in the groups given statutory priority for WIOA adult formula funds. This means that veterans and eligible spouses who are also recipients of public assistance, other low-income individuals, or individuals who are basic skills deficient would receive first priority for services provided with WIOA adult formula funds.
 - O Second, to non-covered persons (that is, individuals who are not veterans or eligible spouses) who are included in the groups given priority for WIOA adult formula funds.
 - o Third, to veterans and eligible spouses who are not included in WIOA's priority groups.
 - o Last, to non-covered persons outside the groups given priority under WIOA.

Veterans and eligible spouses, including widows and widowers as defined in the statute and regulations, are eligible for priority of service and as such, must be identified at any point of entry and made aware of: 1) their entitlement to priority of services 2) the full array of employment, training, and placement services available under priority of services 3) any applicable eligibility requirements for those programs and/or services. As clarified in <u>TEGL 10-09</u> it is important to note that veterans and eligible spouse must first meet any and all of the statutory eligibility criteria in order to be enrolled in WIOA Formula Programs. Reference SCPs 1.7 and 1.18

WIOA program operators may not require veterans or spouses to exhaust their entitlement to VA funded training benefits prior to allowing them to enroll in WIOA funded training. Reference <u>TEGL</u>

Local Boards must develop a written policy approved by their board for determining underemployment for both the adult and dislocated workers.

Eligibility Requirements for Supportive Services and Needs-Related Payments:

Can only be made available to those participating in Career and Training activities. (Note: Follow-Up Services are listed as a Career Service (134(c)(2)) Reference SCP 1.15 which contains details of eligibility requirements for supportive services, for adults and dislocated workers, also defined in WIOA Sec. 3(59) and Sec. 134(d)(2) and (3). They include services such as transportation, childcare, dependent care, housing, and needs-related payments that are necessary to enable an individual to participate in activities authorized under WIOA Sec. 134(c)(2) and (3). **Local Boards must develop a policy on supportive services that ensures resource and service coordination in the local area.** The policy should address procedures for referral to such services, including how such services will be funded when they are not otherwise available from other sources. The provision of accurate information about the availability of supportive services in the local area, as well as referral to such activities, is one of the career services that must be available to adults and dislocated workers through the one-stop delivery system. (WIOA Sec. 134(c)(2)(A)(ix) and 20

<u>CFR § 678.430</u>) Local Boards must ensure that needs-related payments are made in a manner consistent with <u>20 CFR § 680.930-680.970</u>. Needs-related payments provide financial assistance to participants for the purpose of enabling them to participate in training and are a supportive service authorized by WIOA Sec. 134(d)(3). Unlike other supportive services, in order to qualify for needs-related payments a participant must be enrolled in training. Reference WIOA Sec. 134(d)(2)(3); 20 CFR § 680.900-680.970; TEGL 19-16

Please note that as stated in <u>TEGL 23-19</u>, <u>Change 1</u>, self-attestation means a written, or electronic/digital declaration of information for a particular data element, signed and dated by the participant. ETA broadly interprets what is an electronic/digital signature. Electronic signatures or a submission from the participant such as an email, text, or unique online survey response is considered an electronic signature or verification; it must be participant generated and traceable to the participant.

While other documentation sources are preferred when practical, self-attestation is an important option for populations with barriers to obtaining eligibility and reporting documents and help ensure equitably access to services.

Grantees must take the steps necessary to ensure the privacy of all Personally Identifiable Information (PII) obtained from participants and/or other individuals and to protect such information from unauthorized disclosure. Reference TEGL 39-11

Required/Acceptable File Documentation: Additionally, reference Data Element Validation Source Documentation Requirements released yearly from DOL, SCP 5.7 and MIS data entry/reporting requirements.

Assessment and Date Administered: To be eligible to participate in activities carried out under Title I of WIOA an individual must first be determined eligible and registration or formal enrollment needs to be completed. Initial assessment is a key component of the overall intake process and includes the initial determination of each individual's employability, aptitudes, abilities and interests through interview, and counseling. All program participants must have an initial assessment completed to evaluate skills, experience, needs and the appropriateness for services and capacity to benefit from services provided under WIOA Title I programs. Assessment is an ongoing process and shall not be viewed as a one-time event.

<u>Case Note:</u> Case notes are one of the comprehensive tools that document the participant's journey throughout the duration of the program. Case notes are used as a tool to help service providers organize and analyze the information gathered on participants and to communicate case management strategies. Recording case notes is critical because it weaves each service element into the comprehensive service plan.

For the purpose of Data Element Validation (DEV), case notes refer to electronic statements by staff that identify, at a minimum, the following: a participant's status for a specific data element, the date on which the information was obtained, and the staff who obtained the information.

Concurrent Enrollment: (20 CFR § 681.430 (a)-(b))

- (a) individuals who meet the respective program eligibility requirements may participate in adult and youth programs concurrently. Such individuals must be eligible under the youth or adult eligibility criteria applicable to the services received. Local program operators may determine, for these individuals, the appropriate level and balance of services under the youth and adult programs.
- (b) Local program operators must identify and track the funding streams which pay the costs of services provided to individuals who are participating in youth and adult programs concurrently, and ensure no duplication of services.

<u>Crossmatch</u>: For the purpose of DEV, a crossmatch requires validating staff to find detailed supporting evidence for the data element in a database. Reference <u>TEGL 07-18</u>

<u>Data Element Validation (DEV):</u> The federally mandated process by which the state annually assesses the accuracy of reported participant data. Data element validation ensures that the data elements in participant records used to calculate aggregate reports are accurate by reviewing samples of participant records against source documentation to ensure compliance with federal definitions. DEV requirements are communicated through issuance of Department of Labor's Employment and Training Administration Advisory System in Training and Employment Guidance Letters (TEGL's). Reference <u>SCP 5.7</u>; <u>NJCOS</u> EmployNV Data & Performance Desk Reference and <u>TEGL 07-18</u>

Lacks a fixed, regular, and adequate nighttime residence; this includes an individual who: is sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; is living in a motel, hotel, or campground due to a lack of alternative adequate accommodations; is living in an emergency or transitional shelter; is abandoned in a hospital; or is awaiting foster care placement; Has a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings, such as a car, park, abandoned building, bus or train station, airport, or camping ground.

- (i) receives, or in the past 6 months has received, or is a member of a family that is receiving or in the past 6 months has received, assistance through the supplemental nutrition assistance program established under the Food and Nutrition Act of 2008 (7 U.S.C. 2011 et seq.), the program of block grants to States for temporary assistance for needy families program under part A of title IV of the Social Security Act (42 U.S.C. 601 et seq.), or the supplemental security income program established under title XVI of the Social Security Act (42 U.S.C. 1381 et seq.), or State or local income-based public assistance;

Lower Living Standard Income Level (LLSIL): The term "lower living standard income level" means that income level (adjusted for regional, metropolitan, urban, and rural differences and family size) determined annually by the Secretary of Labor based on the most recent lower living family budget issued by the Secretary. This is issued from the state each year in memo form. It must be disseminated to Service providers upon issuance. Reference WIOA Sec. 3(36)(B)); TEGL 21-16

Military Spouse: An individual who is married to an active-duty service member including National Guard or Reserve personnel on active duty. An eligible military spouse who leaves his/her job to follow his/her spouse can be served with dislocated worker formula grant funds when the spouse is unable to continue an employment relationship because the service member's permanent change of military station, or the military spouse loses employment as a result of the spouse's discharge from the military, then the cessation of employment can be considered to meet the termination component of the WIOA definition of dislocated worker. Additionally, a military spouse may also qualify to be served as a dislocated worker if he/she meets the definition requirements for a displaced homemaker.

Surviving spouses of veterans and military service members may also be served with WIOA dislocated worker or displaced homemaker funding after having met the criteria. If a surviving spouse does not meet the requirements, he/she could be served under the WIOA Adult Formula Program. In either program, a surviving spouse of a veteran may receive priority of service if he/she qualifies for such priority under the Jobs for Veterans Act (P.L. 107-228(38 USC 4215 (a) (1) (B)).

Nondiscrimination: Provides that no individual may be excluded from participation in, denied the benefits of, subjected to discrimination under, or denied employment in the administration of or in connection with, any such program or activity because of race, color, religion, sex, national origin, age, disability, or political affiliation or belief. Participation in programs and activities must also be available to citizens and nations of the United States, lawfully admitted permanent resident aliens, refugees, asylees, and parolees, and other immigrants authorized by the Attorney General to work in the United States. Individuals with employment authorization may access any WIOA services for which they otherwise would qualify. (WIOA Sec. 188) Reference 29 CFR Part 38

Offender/Justice Involved: The term "offender" means an adult or juvenile—

- (A) who is or has been subject to any stage of the criminal justice process, and for whom services under this Act may be beneficial; or
- (B) who requires assistance in overcoming artificial barriers to employment resulting from a record of arrest or conviction. Reference WIOA Sec. 3(38); TEGL 21-16

<u>Participation/Enroll:</u> The point at which the individual has been determined eligible for program services and has received or is receiving WIOA services other than self-service or informational service. Reference 20 CFR § 680.110

<u>Priority of Service</u>: WIOA establishes a priority requirement with respect to funds allocated to a local area for adult employment and training activities. Under this section, staff responsible for these funds must give priority to recipients of public assistance, other low-income individuals, and individuals who are basic skills deficient in the provision of individualized career services, and training services per Section 9 of <u>TEGL 19-16</u>. Reference <u>SCP 1.7</u> which details Priority of Service. (WIOA Sec.134(c)(3)(E))

<u>TEGL 7-20</u> further defines that when programs are statutorily required to provide for a particular group of individuals, such as the WIOA priority, priority must be provided in the following order:

- (i) First, to veterans and eligible spouses who are also included in the groups given statutory priority for WIOA adult formula funds. This means that veterans and eligible spouses who are also recipients of public assistance, other low-income individuals, or individuals who are basic skills deficient would receive first priority for services provided with WIOA adult formula funds.
- (ii) Second, to non-covered persons (that is, individuals who are not veterans or eligible spouses) who are included in the groups given priority for WIOA adult formula funds.
- (iii) Third, to veterans and eligible spouses who are not included in WIOA's priority groups.
- (iv) Last, to non-covered persons outside the groups given priority under WIOA. Reference <u>SCP 1.7</u> Priority of Service and <u>SCP 1.18</u> Priority of Service to Veterans

<u>Priority for Veterans:</u> Pursuant to Sec. 2(a) of the Jobs for Veterans Act (38 U.S.C. 4215(a)), veterans and eligible spouses of veterans who otherwise meet the eligibility requirements for adult worker programs (A, DW) must receive the highest priority for receipt of services. Reference <u>SCP</u> 1.18

Registration:

The process for collecting information to support a determination of eligibility. Adult and Dislocated Workers seeking more than minimal assistance from staff in taking the next steps toward self-sufficiency employment must be registered and eligible. Registration can be done electronically, through an interview, or through an individual's application. Reference 20 CFR § 680.110

Selective Service Registration Requirements: Local Boards must have written policy addressing Selective Service compliance. Reference WIOA Sec. 189 (h); TEGL 11-11, Change 2

<u>Self-Attestation</u>: Self-attestation means a written, or electronic/digital declaration of information for a particular data element, signed and dated by the participant. DOL broadly interprets what is

considered an electronic/digital signature. Electronic signatures or a submission from the participant such as an email, text, or unique online survey response is considered an electronic signature or verification; it must be participant generated and traceable to the participant. Grantees must retain documentation of the self-attestation. While other documentation sources are preferred when practical, self-attestation is an important option for populations with barriers to obtaining eligibility and reporting documents and help ensure equitably access to services. Reference TEGL 23-19, Change 1

Self Employed: An applicant who was self-employed (includes farmers, ranchers, and fishermen) but is now unemployed due to general economic conditions in the community in which the individual resides or because of natural disasters. Business failure due to economic conditions can be demonstrated by the forced sale of a business, bankruptcy or foreclosure. State policy allows contributing family members to be served in this group. To qualify for the self-employed group, applicants must be able to demonstrate a successful self-employment connection followed by an involuntary separation due to economic conditions or natural disaster. Consequently, an applicant who voluntarily sells a business or leaves self-employment for personal reasons does not meet the criteria. Neither does an applicant who states his/her business did not comply with state and federal requirements (tax returns, quarterly reports, etc.) because the business seldom or never made a profit.

<u>State MIS</u>: For the purpose of DEV, State MIS refers to specific, detailed information that is stored in the state's information system that supports a data element. Reference TEGL 23-19, Change 2

Stop-gap Employment: See Underemployed.

Substantial Layoff: Generally, the definition of a substantial layoff is any permanent reduction in force resulting in an employment loss of at least 50 employees at a single site over a 30-day period. In addition, WISS in combination with the LWDBs may determine that a substantial layoff has occurred based on other factors that may indicate a significant, negative impact on the community and/or local economy.

<u>Termination or Layoff:</u> Refers to involuntary separation. An applicant will qualify as having been laid off, or terminated if the State's Unemployment Insurance Unit determines in his/her favor and allows unemployment insurance benefits.

Training Services: WIOA Sec. (134(c)(3)(D) include; (i)occupational skills training, including training for nontraditional employment; (ii) on-the-job training; (iii) incumbent worker training in accordance with subsection (d)(4); (iv) programs that combine workplace training with related instruction, which may include cooperative education programs; (v) training programs operated by the private sector; (vi) skill upgrading and retraining; (vii) entrepreneurial training; (viii) transitional jobs in accordance with subsection (d)(5); (ix) job readiness training provided in combination with services described in any of clauses (i) through (viii); (x) adult education and literacy activities, including activities of English language acquisition and integrated education and training programs, provided concurrently or in combination with services described in any of clauses (i) through (vii); and (xi) customized training conducted with a commitment by an employer or group of employers to employ. Reference SCP 1.8

Transitional Jobs: Transitional jobs are a new type of work-based training that is allowed under WIOA. Transitional jobs are time-limited work experiences that are subsidized and are in the public, private, or nonprofit sectors for individuals with barriers to employment who are chronically unemployed or have an inconsistent work history and are combined with comprehensive career and supportive services. The goal of transitional jobs is to establish a work history for the individual that demonstrates success in the workplace and develops the skills that lead to entry into and retention in unsubsidized employment. Unlike OJT, there is no assumption that the individual will be retained in their transitional job after the experience is over, though that would be a successful experience and outcome. Under Sec. 134(d)(5) of WIOA, Local Boards may use up to 10 percent of their adult and dislocated worker funds to provide transitional jobs to individuals. Reference TEGL 19-16, Section 5

If local areas choose to use transitional jobs as part of their service delivery strategy, they should adopt policies and identify employers (public, private or nonprofit) that can provide quality experiences for individuals to eventually obtain unsubsidized employment. Additionally, these policies should include plans on the amount reimbursements would be for the jobs, what supportive services should be included, and any limits on the duration of the transitional job.

<u>Underemployed</u>: Individuals who are underemployed may include: Individuals employed less than full-time who are seeking full-time employment; those who are employed in a position that is inadequate with respect to their skills and training; those who are employed who meet the definition of a low- income individual in WIOA Sec. 3(36); and those who are employed, but whose current job's earnings are not sufficient compared to their previous job's earnings from their previous employment. Individuals who are underemployed and meet the definition of low-income or the definition of an individual with a barrier to employment (WIOA Sec. 3(24) may receive career and training services under the adult program on a priority basis per Sec. 9 of <u>TEGL 19-16</u>. Each local area must have a policy defining "sufficient earnings", and after Local Board approval, submit to the State for approval.

<u>Unemployed Individual:</u> An individual who is without a job and who wants and is available for work. The determination of whether an individual is without a job, for these purposes, shall be made in accordance with the criteria used by the Bureau of Labor Statistics of DOL. Reference WIOA Sec. (3(61))

Unlikely to Return to Previous Industry or Occupation: The State has defined as follows:

In order to be considered as unlikely to return to a previous industry or occupation, an individual must meet at least one of the following criteria documented appropriately in case notes in the MIS and or hard file:

- Individual worked in a declining industry or occupation, as documented on state or locally developed labor market statistic lists of such industries or occupations.
- Individual worked in an industry or occupation for which there are limited job orders at the time of eligibility determination.
- Individual is insufficiently educated and/or does not have the necessary skills for reentry into the former industry or occupation, as documented through an in-take orientation process or assessment of the client's educational achievement levels, testing, or other suitable means.
- Individuals have had a lack of job offers as documented by the assigned Case Manager,

rejection letters from employers in the area, or other documentation of unsuccessful efforts to obtain employment in the prior industry or occupation.

- Individual cannot return to their previous industry or occupation because they have physical or other limitations, which would prevent reentry into the former industry or occupation, as documented by a physician or other applicable professional (e.g., psychiatrist, psychiatric social worker, chiropractor, etc.). In circumstances where support documentation is not available, an applicant self-attestation may be utilized to demonstrate unlikely to return.
- Individuals that may have worked seasonally can be considered unlikely to work in a previous industry or occupation as a temporary or seasonal worker, for a variety of reasons such as:
 - o Change in family situation that requires higher income;
 - o Disability that precludes returning to the same industry or occupation;
 - Natural disaster that results in lost wages;
 - o Loss of agricultural land;
 - o Mechanization; or
 - Any significant variance to normal seasonal employment patterns resulting in uncertain return-to-work dates.
- Individuals laid off on a temporary basis with a specific return date and/or determined by Unemployment Insurance to be attached to an employer do not meet the criteria of unlikely to return work in a previous industry or occupation.

<u>Veteran:</u> An individual who served in the active military, naval, or air service, and who was discharged or released from such service under conditions other than dishonorable, which may include National Guard or Reserve personnel. <u>TEGL 22-04</u>; the term terminated is not defined in law or regulation. It is a Department of Labor policy that being discharged (under honorable circumstances) either voluntarily or involuntarily terminates an employment relationship between an individual and the military and thus falls within the scope of the termination component of the WIOA definition of dislocated worker. The separating military personnel must also satisfy all other criteria for dislocated workers' eligibility, including the requirement that the individual is unlikely to return to a previous industry or occupation.
